

DR. FISH & OCEAN SPA

Half day EXCURSION/transfer from PUJ

The perfect excursion for lovers of relaxation and helthness

More than just a tour, a spa in the middle of the Caribbean Sea, where, aboard the health cruise, we will enjoy relaxing activities like bio-pilates and rest in floating mattresses listening to melodies that have been previously selected to provide an atmosphere of peace and total relaxation.

We will enjoy two different types of massages, the traditional way with expert masseurs and electronic stretchers that provide multiple benefits. We will also take advantage of the electronic ionization machines, which help to eliminate all the toxins of the body.

We will end this experience by visiting some very special dermatologists, who are known as Doctor Fish. All this to pamper you with an excellent service!
