

LOS HAITISES & MONTAÑA REDONDA

FULL DAY EXCURSION with lunch/transfer from PUJ and BAY

Enjoy a great ecological adventure in the Dominican Republic, through the coastal plain of the east-northeast region. Starting from its hotels in modern and comfortable buses, by the highway El Coral, we arrived to Miches, a small fishing village, where we will taste a light breakfast.

We continue our journey to Sabana de la Mar to board the boat leaving for Caño Hondo towards the National Park Los Haitises, is one of the 4 most important park in the world, with a rich Fauna and lush Flora, with endemic species of the Zon To.

We will enjoy a succulent typical Dominican buffet-style lunch in Paraíso Caño Hondo. Where we can also take a refreshing swim in the natural pool.

After lunch, we took the bus and headed for Round Mountain, to which we will climb to its peak by Safari truck; This has a special location, found in the middle of two large lagoons (Laguna Limon & Laguna Redonda), East is the Atlantic Ocean and west the Cordillera Oriental.

Montana Redonda gives us the most spectacular panoramic view of the area. We can appreciate the beautiful scenery that surrounds it with both lagoons, the Bay and Samana Peninsula, from there you can take unique photos.
