

## REEF EXPLORER

Half day EXCURSION/transfer from PUJ/BAY

*The perfect excursion for the lovers of the sea and the rest*

Reef Explorer is to enjoy a multi-activity experience, where we can relax on a floating island and discover the marine life in the best place in Punta Cana.

We made a snorkeling tour on the reefs, swam with sharks and stingrays, kayaks and especially enjoy the reef and then sunbathe in floating mattresses.

On top of that, we have included a relaxing massage provided by experts; A healthy open bar with natural fruit juices and picadera.
