

SAMANA AIR

Full day EXCURSION/transfer from PUJ

The perfect excursion for lovers of heights and nature in its pure state

The dream of every lover of nature will come true! We leave by plane from the airport of Punta Cana to Samana. The route continues through a thick vegetation until you reach a Baty (humble village), where we visit a typical house to taste coffee and cocoa. Then continues the trip to a ranch located in the municipality of Limón, where we wait for the horse that will lead us to the lemon jump. There we enjoyed a nice bath and then return to the ranch to taste an exquisite lunch buffet. Later, we visited the towns of La Colonia and Juana Vicenta, after which you reach the Bay of Samana, one of the most interesting places in the Dominican Republic for its natural beauty. Here we board a speedboat in the direction of Cayo raised, an island of white sand and crystalline water.
